Discount Medical Plans are provided by Patriot Health Florida, Inc., a discount medical plan organization. The plans are not health insurance policies and are not available in all areas. The plans provide discounts to certain health care providers for medical service and do not make payments directly to the providers for medical services. The range of discounts for medical services provided under these plans will vary depending on the type of provider and service received. The member is obligated to pay for all health care services but will receive a discount from those health care providers who have contracted with Patriot Health Florida, Inc., located at 1555 Palm Beach Lakes Blvd. Ste. 810, West Palm Beach, FL 33401, 800-292-3797.

One of the nations best multi-tiered dental savings plans, where you and your loved ones have access to providers under three distinct scenarios!

How do the tiers work? It's simple!

Tier 1: At select participating Tier 1 (*schedule A*) general practitioners across the country, you will receive a **no-charge**** exam and x-rays in conjunction with a paid annual cleaning.

Participating providers abide by a fee schedule of fixed payments for most procedures. Fixed schedule procedure rate savings are **25% - 60%** on dental care, as compared to the American Dental Association surveys of usual and customary fees.

Tier 2: In the event a Tier 1 provider is not available in a given area, a secondary schedule participating dentist may be available at some of the lowest rates of any national dental network.

Tier 3: In the event a Tier 1 or Tier 2 dentist is not available, members simply call a Customer Representative for assistance in accessing a Tier 3 provider where available.

Customer Care Consultants

Our team of highly trained Customer Care Consultants are here to make your experience a pleasant one. Our representatives work closely with you, as well as the participating providers to ensure a stress-free experience when using the program. Our "Care-Team" is always willing to listen and offer you personal consultation advice tailored to your specific dental needs.

We are here for you!
